Become an Official Sponsor for "La Casa dei Gatti e dei Loro Amici"

Dear [Name of Potential Sponsor / Company],

Data from **2026** outlines an alarming scenario in Italy: it is estimated that **over 130,000 pets are abandoned every year**, including 80,000 cats and 50,000 dogs. More than 80% of them face a high risk of death within the first month due to starvation or accidents. In response to this emergency, our cultural association, **La Casa dei Gatti e dei Loro Amici** (based in Torrita di Siena), operates on a clear principle: **prevention is better than cure**.

As a strict ethical choice, **we never use images of suffering, sick, or abused animals to seek donations**. Instead, we want to act on minds and consciences before abandonment and abuse ever take place. Our fundamental goal is to awaken the hearts and minds of fellow citizens, teachers, and all institutions through in-person and online events, conferences, and workshops on the importance of preventing animal abandonment, violence, and exploitation. To fund these educational programs in Italian and international schools, we are looking for compassionate companies and philanthropists to become our **Official Sponsors**.

How can you take action today directly on our official website?

International Appeal for Sponsors

The association is actively seeking sponsors who are sensitive to this cause.
